**National Minority Quality Forum**  
[nmqf.org](http://nmqf.org)

National Minority Quality Forum was founded in 1998 to strengthen national and local efforts to use evidence-based, data-driven initiatives to eliminate the disproportionate burden of premature death and preventable illness for racial and ethnic minorities and other special populations. NMQF promotes access to affordable health care, clinical trial diversity and community health navigator programs as well as patient education resources.

**Michigan United**  
[miunited.org](http://miunited.org)

MOP was a faith-centered community organizing project based in West Michigan, with membership in Kalamazoo, Grand Rapids, and smaller towns in the area. For 20 years, MOP fought to ensure that working families and people of color have a say in the important decisions being made about their neighborhoods and lives. MOP led successful campaigns to increase health and dental care access for low-income families and eliminate employment barriers for ex-offenders.

**Catholic Charities of Shiawassee and Genesee Counties**  
[catholiccharitiesflint.org](http://catholiccharitiesflint.org)

Meal Programs - Thirty million Americans are affected by hunger. One in five children go hungry every month. Hunger affects how people perform at work, how children perform in school, and how people view their communities and their lives. Last year we served over 200,000 meals to the residents of Genesee and Shiawassee Counties. Our programs provide vital support to the communities we serve, giving them not only a hot meal, but also relief from the cold and a place to socialize.

**City of Flint, Michigan**  
[www.cityofflint.com](http://www.cityofflint.com)

In response to the recent concerns regarding water quality in the City of Flint, a water advisory committee of 40 citizens consisting of business owners, elected officials and members of various community organizations is being formed. The committee's formation comes after the City hired the firm Veolia to provide an analysis of Flint's water system as well as recommendations on actions to improve water quality. The purpose of the committee will be to provide the community with information on the City's work to maintain a safe water supply.

Flint residents can obtain sampling kits, water filters and water filter replacement cartridges at the Flint City Hall (1101 Saginaw St., Flint MI 48502.) The Kiosk at City Hall is open from 8:00 am - 4:00 pm weekdays. Residents can also call 810-410-2020 to request a sample kit be dropped off or picked up by a Health Navigator.

For more information regarding water filters or water test kit availability, contact the City of Flint at 810-766-7106.

Fight Lead with Nutrition: Nutrition is one of the first lines of defense against the harmful effects of lead. People who eat a healthy diet are less affected by lead in the body than someone with poor diet habits. Foods high in iron, calcium and vitamin C protect the body from lead. The body absorbs lead easier on an empty stomach, so make sure not to skip meals!
